

Autumn term in Reception

What a fabulous start to school! It's been very busy this term making new friends and settling into new routines. We have demonstrated some great learning. We learned all about ourselves and the people who help us in term one, and had a visit from Police Officer Joe!

In term two we travelled to India to find out about Diwali, to Nigeria in Africa with Anna Hibiscus and to Antarctica to learn about penguins. We are now pengiunologisits! Although we wouldn't want to live in Antarctica for too long – it's too cold! We'll just stick to our mini Antarctica on the wall.

This term we developed our cooking skills by making the annual school garden chutney for the Christmas fair. Our new venture into jam also went down well!

We have become regular visitors to Forest School where we have created ephemeral art, a mud kitchen and numerous leafy beds. We finished the term with a warming fire and toasted marshmallows!

Finally we were able to celebrate Christmas in the traditional way by taking part in the Key Stage One Nativity.
