

Autumn Year 1 2021

Well, we have come to the end of another extraordinary term in Year 1. The children have worked so hard and I have thoroughly enjoyed our first full term together!

The children have had a lovely time, full of active learning and preparing for the Nativity. The children have enjoyed our science topic of 'Seasons' and our art topic 'Self-portraits'. They are all artists, so perhaps they can draw the family over Christmas! The children are very enthusiastic in History and have been learning about changes in transport and in toys.

They have really enjoyed their story 'Cave Baby, Beegu and The way back home'. They have completed some fantastic writing pieces based on this. The children have created their own sequels and have been working very hard with their phonics. In maths we have been focusing on addition and subtraction and I can see the children's quick improvement. In the last week we have looked at 2d and 3d shapes. Could you make something with 3d shapes and count how many of each shape you have used? We have continued to learn our number bonds for 10 and 20 so please continue to practise at home.

I hope the children enjoy Christmas and have a well-deserved break! I look forward to the New Year with them. Stay Safe and take care as always,

Merry Christmas,

Miss McCarthy
