

March 2022

Well, we have come to the end of another great term in Year 1! I am so proud of the children and how they have settled in class.

The children have really enjoyed learning about Traction Man in English and have written some amazing sequels. In Maths we have been focusing on measurement, learning all about length, weight and capacity. The children continue to love RE and Geography lessons and have been creating maps for Mexico as well as making and identifying flags. In Science we have categorised animals, studying the five main groups, such as reptiles, amphibians, fish, mammals and birds. We are looking forward to completing our DT topic after the Easter holidays at Pizza Express.

I cannot believe that we are more than half way through Year 1. We will continue to work hard next term, listening to one another and following the school rules of St James'.

I hope the children enjoy Easter and have a well earned break! Stay Safe and take care as always,

Miss McCarthy
