

## Reception Class Spring Update

We have been working so hard this term that we need a rest!

Our writing is coming on a treat and we are doing so well with our Big (little) Write. We have learned all of our phonics in Phase 3 and we are working hard to develop our fluency when reading.

At the start of the term some 'Aliens Stole our Underpants' so we made posters to warn everyone else! The classroom was also visited by 'The Evil Pea' but we managed to catch him in our traps.

We enjoyed learning about Chinese New Year and cooking spring rolls. At Forest School we took part in team races to see who could cross the river first.

Our favourite celebration was Holi. We listened to Nabhi tell us the story then greatly enjoyed taking part in a colour celebration throwing paint at each other.

At Forest School we have begun using our new tools to saw pieces of coppiced wood.

Science week was great fun and we loved working with our buddies in Year 6 to build towers out of spaghetti and marshmallows.

Towards the end of term, we tried to grow cress for our cooking recipe but it just did not want to grow. Our sunflowers on the other

hand are already too tall for their pots. We wonder what will happen over the holidays with no one to look after them???
