Year 6 Update – July 2021

Hedgehogs

Year 6 worked this term with BEECHE at High Elms to help them out with a borough wide survey of hedgehogs! We surveyed the grounds with our hedgehog experts to find the best spot to place our tunnels. On only our second day we found hedgehog activity!

Transition Workshops

Trailblazers visited us towards the end of the term to do some work with us about transitioning to secondary school. It was a good opportunity for us to learn new skills to take into Year 7 and to ask questions about our worries or concerns about the next step in our journey.

Year 6 First Aid Training

Year 6 spent an afternoon learning about basic first aid with Daisy First Aid. During this training children learnt about CPR and choking and had great fun putting each other in the recovery position! The children all successfully passed their training earning themselves a certificate.

Joseph

After many, many trials and tribulations.... Year 6 recorded an amazing version of Joseph and the Amazing Technicolour Dreamcoat. They really immersed themselves in their characters and impressed us with their singing and dancing abilities. The hard work certainly paid off!

Year 6 Forest School

After all the hard work and great effort through what has been quite a year, Year 6 was treated to a morning in Forest School organised by Mrs Deasy. The children rekindled their den building techniques from previous years, made smores over the fire and successfully created sturdy wood frames. Thank you, Mrs Deasy!

A message from Mrs Connolly

It has been a real pleasure working with such a lovely group of children and seeing them grow and develop throughout the year. Their energy levels were boundless, their enthusiasm endless and their ability to strive and succeed limitless. I am so proud of each and every child's personal journeys this year - through their ups and downs, through laughter and tears. And at the end of it all, we have a group of children ready to make the move to pastures new with confidence and the knowledge that they can, and will, succeed in their new schools. You have done us and your parents proud Year 6.
