

Year 6 Update March 2021

Back to School

It has been so lovely to have all of the children back! They have been amazing at coming back in to school and settling back in quickly to old routines. Well done to all of Year 6!

International Women's Day

We took the opportunity to explore short biographies of inspirational women both past and present. We discussed how the Bronte sisters had to struggle to be respected in society as writers; how women in certain sports such as boxing and weight lifting found it difficult to find coaches prepared to train them for the Olympics and finally we looked at the story of Malala and how she was treated for standing up for the rights of young women in Pakistan.

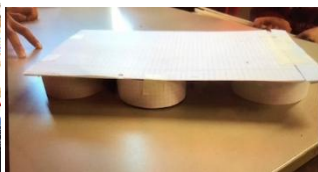

World Book Day

A day that stretched into a week! We celebrated all things books and reading in style with virtual meet ups with authors such as Michael Rosen, Kwame Alexander, Tom Palmer, Daniel Morden and Vashti Hardy. It was great to have such a wide range of talent to inspire the children: storytellers, poets and illustrators.

Science Day

This year's theme for Science Day was "Innovation" and we took inspiration from a young 14-year-old boy in Malawi called William who "harnessed the wind". We looked at designing our own innovations while trying to solve STEM challenges: tallest towers and strongest bridges. Some were more successful than others!

Virtual performance at The Globe

To finish off our term's work on Macbeth, we will be watching a live performance of Macbeth performed at The Globe theatre in true Shakespeare style!
