

This has been another term that has flown by. The children have continued to work extremely hard!

Since January we have learnt an enormous amount about where we live in the UK and where we are in the world.

We have made our own keys for a map and labelled features we could see. We have had the opportunity to plant bulbs as part of our science topic and we watch them grow each week.

In English we have written diaries and interviews linked to our class texts of Orion and the Dark, The Lonely Best and The Magic Finger. This led to some lovely writing letter writing. We celebrated International Day as well as World Book Day and explored emotions through poetry. We wrote some beautiful synonym poems based on the theme of

'Loneliness' as well as making some rhyming poems linked to 'Naughtiness' and our class text *George's Marvellous Medicine*.

During the term the children have had opportunities to cook and have made chocolate and beetroot muffins! They were delicious. Thank you to parents for your continued support with the cooking activities.

We all had a lovely time on our Spring Walk and are enjoying learning outside now that the weather is much drier and brighter.

Have a wonderful Easter and I look forward to seeing the children again next term. Mrs Le Cuirot
